Summary

IT professional currently pursuing a Bachelor of Science in Cybersecurity and Information Assurance at Western Governors University with CompTIA A+, Network+, and Security+ certifications. Strong foundation in information security, networking, operating systems, troubleshooting, risk assessment, incident response, and firewall technologies. Proven ability to analyze complex problems, quickly learn new technologies, and deliver effective technical solutions in fast-paced environments.

Certifications

- CompTIA Security+ • Valid through 2029
- CompTIA Network+ • Valid through 2029
- CompTIA A+ • Valid through 2029
- CompTIA Project+ • Valid through 2029
- ITIL Foundation • Valid through 2028

Technical Skills

- Operating Systems: Windows, Linux
- Networking: TCP/IP, Network Security, Firewall Concepts
- Security: Incident Response, SIEM Monitoring, Log Analysis, Vulnerability Management, Risk Assessment, Authentication & Access Control, Digital Forensics
- Tools: Autopsy, OpenSSL, VirtualBox, Ubuntu, Microsoft Office

Experience

Senior Uptime Support Specialist | Volvo Group

November 2023 - Present

- Analyze diagnostic fault data and telematics information to identify root causes of vehicle failures.
- Investigate high-priority technical incidents and coordinate resolution efforts with dealerships, vendors, and engineering teams to minimize operational downtime.
- Document troubleshooting findings while maintaining detailed incident records for operational reporting.
- Identify trends in service data and recommend process improvements that reduce downtime.
- Train and mentor new employees on troubleshooting procedures and internal systems.
- Prioritize and manage multiple high-priority service incidents while ensuring timely communication with customers, vendors, and internal engineering teams.

Uptime Support Specialist | Volvo Group

July 2021 - November 2023

- Performed technical triage of vehicle breakdown events using diagnostic and telematics systems.
- Reviewed fault codes, system alerts, and service documentation to support issue resolution.
- Coordinated with service providers and dealerships to restore customer operations.
- Maintained accurate case documentation and escalation records.

Claims Call Center Specialist | National General Insurance

January 2018 - May 2021

- Handled an average of 60+ claims calls per shift, ensuring timely and accurate processing of new loss reports.
- Identified and resolved policyholder inquiries, contributing to a 15% reduction in call escalations through improved customer education.
- Consistently met or exceeded call resolution targets by 20%, improving overall customer satisfaction and operational efficiency.

Education

- Western Governors University
 - Bachelor of Science, Cybersecurity and Information Assurance
 - Expected Graduation 2026
- Forsyth Technical Community College
 - Cybersecurity Certificate
